

3/1/2011.

Thankyou Isaac and Isabella for the lovely hospitality you showed Warren and I on our stay at DKSHA. We are very grateful for the time and effort you spent welcoming us and showing us around the villages. It was an amazing experience, certainly something I will never forget! After staying here for seven days, I have come to realise the extreme devotion you have, Isaac, in caring for poor children, their families, and the community. Your work is definitely appreciated by many. This trip was very memorable and will never be forgotten. I look forward to helping DKSHA out in the future, and hearing of all the great works they are doing. ~~Wew~~ Wish you, the staff & teachers, and all of the children the best for the future to come!

Sincerely, Madeleine Lear.

Thanks Isaac + Isabella for the warm greetings + hospitality, also thanks Isabella + Palma for the lovely meals.

Our stay at DKSHA was short but very enjoyable and we really appreciate the care + effort to show us around the Indian country + villages.

I will encourage others in Australia to support DKSHA in their great works.

Sincerely
WARREN THYER
