

23/1/2011

Thank you Isaac for the tour of the Kitubai Social Help Orphanage and for sharing your Rotary projects & experience. We know that it was not an accident that we met you. It was a blessing from God that we met you and that it was on this day is a special sign from God. India NID and your special evening meeting for Polio Plus, we know this is the beginning of a long lasting relationship.

We, the members from the Rotary club of BITEC city Trincharapalli had the privilege of a visit to the home / school / Herbal Garden / Medicinal Factory etc managed by Rtn. Isaac & his family.

We are astonished at the way the things are managed at the premises. The venues are well maintained, neat and welcoming.

The vision of the people for the past many years have resulted in a robust infrastructure facilities, which will go a long way to support & sustain the young generation, especially the most disadvantaged, downtrodden & side lined.

I wish that clubs & NGOs should have an opportunity to get an exposure of such an establishment, to get a spark.
